

Carefully read the provided passage to respond to the subsequent questions. Each question will present five answer options. Select the appropriate option as your answer.

Pink Tax is commonly used to describe a situation wherein things associated with women are priced higher than those with men. Generally speaking, women pay more than males for similar items. The pink tax is not enforced by the government but by the businesses selling the products. According to experts, the pricing disparity is due to market forces. The pink tax has long imposed an economic burden on women around the world—especially **since** women continue to earn less than men.

According to a study _____ the New York City Department of Consumer Affairs in 2015, women's products are typically more expensive than men's without a proper reason. The study concluded that products explicitly marketed for women cost seven per cent more on average than products sold for men. This discrepancy includes apparel, toys, and healthcare products, among other things. The largest discrepancy came to personal care/hygiene products, where women's products cost 13 per cent more than men's.

Several countries have investigated the pink tax, including Argentina, France, Germany, the UK, Australia, and Italy. For example, in the UK, it was found that women and girls were being charged, on average, 37 per cent more for toys, cosmetics, and clothes than their male counterparts. In the UK, girls' school uniforms were also 12 per cent more expensive than boys' uniforms. In Singapore, a check by the Sunday Times on 10 companies found that women pay more for some products and services, such as dry cleaning and razors, offered by around half of these companies. Additionally, women in Singapore have to pay more premiums for Care shield Life, a national long-term care insurance scheme introduced by the government.

Examples of pink tax in India include salon services, personal care goods such as shampoos, soaps, and deodorants, as well as clothing, toys, and accessories such as jewelry. Presently, women are heavily exploited by vegan products and non-animal-tested cosmetics that are significantly more expensive, a **form** of taxation.

Question 1

What's the synonym of the word '**since**' as used in the passage?

- (1) until
- (2) before
- (3) as
- (4) till
- (5) therefore

Question 2

Select the most appropriate synonym of the given word.

Form

- (1) Damage
 - (2) Demolish
 - (3) Collapse
 - (4) Type
 - (5) Scatter
-

Question 3

Which of the following options would be suitable for the blank given in the passage?

- (1) in
 - (2) to
 - (3) by
 - (4) on
 - (5) with
-

Question 4

Which of the following statements is true as per the passage?

- (1) The pink tax is enforced by the government but not by the businesses selling the products.
 - (2) Women in Singapore have to pay less premiums for Careshield Life, a national long-term care insurance scheme introduced by the government.
 - (3) Several countries have investigated the pink tax, including Argentina, France, Germany, the UAE, Australia, and Italy.
 - (4) Some of the products that are included under the pink tax in India are salon services, personal care goods such as shampoos, soaps, and deodorants, as well as clothing, toys, and accessories such as jewelry.
 - (5) As per the study by the New York City Department of Consumer Affairs in 2015-2016, women's products are typically more expensive than men's without a proper reason.
-

Question 5

Find the true statement(s) from the following:

- (A) The discrepancy in tax includes apparel, toys, and healthcare products, among other things.
- (B) The pink tax has long imposed an economic burden on women and men around the world.
- (C) Currently, women bear a significant financial burden due to the high costs of vegan products and non-animal-tested cosmetics, which can be considered a type of economic imposition.

- (1) A and B are true
 - (2) C and A are true
 - (3) Only C is true
 - (4) Only B is true
 - (5) All are true.
-

Question 6

According to the passage, what is the primary reason for the pricing inequality known as the “pink tax”?

- (1) The pricing disparity is primarily a result of government regulations that enforce gender-based pricing on products marketed to women.
 - (2) Market forces, driven by supply and demand dynamics, are the primary factors behind the pricing disparity known as the “pink tax.”
 - (3) Gender-based taxation, imposed by governments, directly contributes to the higher prices of products associated with women.
 - (4) International trade agreements have established pricing guidelines that result in women’s products being priced higher than men’s.
 - (5) Consumer preferences, influenced by advertising and social factors, play the central role in the pricing disparity termed as the “pink tax.”
-

Question 7

Which of the following expresses the same meaning of the word given in bold?

In the UK, it was found that women and girls were being **charged**

- (1) confronted
 - (2) imposed
 - (3) limited
 - (4) absolved
 - (5) altered
-

Question 8

Based on the study by the New York City Department of Consumer Affairs, where was the largest product pricing discrepancy between men and women observed?

- (1) Clothing
 - (2) Toys
 - (3) Personal care/hygiene products
 - (4) Accessories such as jewelry
 - (5) Vegan products
-

Question 9

According to the information in the passage, what is the “Pink Tax”?

- (1) It’s an additional tax charged by the government on women’s products.
 - (2) It’s inequality in the amount payable for insurance based on gender.
 - (3) It’s a taxation form enforced by businesses where female products cost more than their male counterparts.
 - (4) It’s a type of business tax focused only on clothing, toys, and accessories.
 - (5) It’s a tax levied on vegan and non-animal-tested cosmetics.
-

Each of the given sentences is divided into four parts: A, B, C, and D. Choose the part that contains an error as your answer. If the sentence is error-free, mark 5 i.e. No error as your answer.

Question 10

People develop a attachment (A)/ to a city because they find (B)/ a sense of belonging (C)/ within like-minded individuals. (D)/ No error (E)

- (1) A
 - (2) B
 - (3) C
 - (4) D
 - (5) E
-

Question 11

These are just small (A)/ alterations with our lifestyle (B)/ that will help us achieve (C)/ that perfect body. (D)/ No error (E)

- (1) A
- (2) B

- (3) C
 - (4) D
 - (5) E
-

Question 12

Despite their differing (A)/ viewpoints on the matter, (B)/ the team of experts were (C)/ able to reach an agreement. (D)/ No error (E)

- (1) A
 - (2) B
 - (3) C
 - (4) D
 - (5) E
-

Question 13

When he was arriving (A)/ at the party last night, (B)/ she said she loved the gift, (C)/ but now she regrets it deeply. (D)/ No error (E)

- (1) A
 - (2) B
 - (3) C
 - (4) D
 - (5) E
-

Question 14

Constant exposure to noise (A)/ can cause increased stress levels (B)/ and anxiety, irritability, (C)/ and cognitive impairment. (D)/ No error (E)

- (1) A
 - (2) B
 - (3) C
 - (4) D
 - (5) E
-

In each of the given sentences, four words, given in bold are marked as (A), (B), (C) and (D). These words may or may not be placed in their right places. Four options with different arrangements of these words are given below. Mark the option with the correct arrangement as your answer. If no change is required, mark 'No rearrangement required' as your answer.

Question 15

As data and technology play a **effectively** (A) role in the **delivery** (B) of services, human development systems should **ensure** (C) they are **crucial** (D) used.

- (1) DBCA
 - (2) BCAD
 - (3) CABD
 - (4) ABDC
 - (5) No rearrangement required
-

Question 16

Pandemics, economic **succession** (A) and **rapid** (B) weather events were once tail-end risks, but all three have hit South Asia in **extreme** (C) **slumps** (D) since 2020.

- (1) DBCA
 - (2) ACBD
 - (3) DCBA
 - (4) BADC
 - (5) No rearrangement required
-

Question 17

The aim of the **dispatch** (A) is not to reduce **quality** (B), but to increase and improve the **automation** (C) of delivery and reduce the time of **manpower** (D).

- (1) BADC
 - (2) CBDA
 - (3) CDBA
 - (4) BDAC
 - (5) No rearrangement required
-

Question 18

The **eligible** (A) number of employees who will be **exercised** (B) under the new order will only be known after **exact** (C) employees have **covered** (D) the option.

- (1) ADCB
 - (2) CBAD
 - (3) DCBA
 - (4) CDAB
 - (5) No rearrangement required
-

In each of the questions below, choose the most appropriate word to fill in the given blank.

Question 19

The Budget aims to fulfil the long-term _____ goals of the country along with being the world's fastest-growing large economy.

- (1) implausible
 - (2) challenging
 - (3) obnoxious
 - (4) sustainable
 - (5) untenable
-

Question 20

For youngsters, smartwatches are a way to _____ another accessory, for working professionals they are a watch-cum-reminder machine, and for the elderly, they are used to monitor vitals.

- (1) Recruit
 - (2) Flaunt
 - (3) Efface
 - (4) Impel
 - (5) Replace
-

Question 21

He is an arrogant businessman and he likes to _____ his net worth, it makes him seem like he has a lot of money in his bank account.

- (1) exaggerate
 - (2) propel
 - (3) compensate
 - (4) understate
 - (5) trivialize
-

Question 22

Today, our class teacher _____ the importance of exercise and fresh fruit and vegetables in the diet.

- (1) imposed
- (2) impeded
- (3) emphasized

- (4) confirmed
(5) depreciated

In each of the following questions, two columns are given containing three phrases each. The phrases are labelled A, B, and C in the first column and P, Q, and R in the second column. A phrase from the first column may or may not connect with a phrase in the second column to make a grammatically and contextually correct sentence. Identify the correct option given below that gives the correct sequence in which one or more sentences can be formed. If none of the options makes it possible for a meaningful sentence to be formed, indicate 'None of these' as your answer.

Question 23

Column 1	Column 2
(A) He explains that when scales are confiscated	(P) skill building workshops for new agencies.
(B) We have been conducting training and	(Q) it is important to develop protocols.
(C) The research, published in the Journal of the	(R) American Medical Association is interesting.

- (1) A-P and C-R
(2) B-P and C-P
(3) C-R and A-Q
(4) B-P and C-R
(5) None of these

Question 24

Column 1	Column 2
(A) Studies of the coronavirus are largely	(P) focusing on its 'spike' protein.
(B) This is a complex question to which there is,	(Q) so far, no clear answer.
(C) The judgment declared	(R) the Maratha reservation unconstitutional.

- (1) A-Q
(2) B-Q
(3) C-P
(4) A-P, C-R and B-Q
(5) None of these
-

Question 25

A word and three sentences that use the word are given below. Determine in which of the following sentences is the word used correctly with respect to grammar and context.

STATE

- (1) The Prime Minister has stated in his speech that our country will be a five trillion economy in the coming years.
- (2) I'm too nervous to stop in this horrid state where it never ceases raining.
- (3) It is now illegal in every state with Louisiana being the last to outlaw it in 2008.

- (1) Both 1 & 2
- (2) Both 2 & 3
- (3) Both 1 & 3
- (4) All of the above
- (5) No of the above

Below, you will find a set of five sentences. You need to arrange these sentences in the correct sequence to form a coherent paragraph. After doing so, answer the questions that follow.

- (A) However, the influencer is not a buzzword anymore. Considering macro and celeb influencers, today's new-gen celebs, these individuals
- (B) The rise of social media has certainly revolutionised various aspects, including how we connect, share, and consume information.
- (C) The emergence of influencers is one of the most significant changes brought about by social media in the realm of marketing.
- (D) Furthermore, with their substantial online followings and persuasive skills, they have emerged as critical players in determining consumers' buying behaviour
- (E) Can significantly impact the psychology of potential consumers through their recommendations, opinions, and ideas, thereby shaping their purchasing decisions.

Question 26

Which of the following will be the FIRST sentence after rearrangement?

- (1) B
 - (2) A
 - (3) D
 - (4) C
 - (5) E
-

Question 27

Which of the following will be the SECOND sentence after rearrangement?

- (1) A
 - (2) C
 - (3) E
 - (4) B
 - (5) D
-

Question 28

Which of the following will be the THIRD sentence after rearrangement?

- (1) B
 - (2) C
 - (3) A
 - (4) D
 - (5) E
-

Question 29

Which of the following will be the FOURTH sentence after rearrangement?

- (1) D
 - (2) C
 - (3) B
 - (4) E
 - (5) A
-

Question 30

Which of the following will be the LAST sentence after rearrangement?

- (1) D
 - (2) A
 - (3) B
 - (4) C
 - (5) E
-

Question 31

A invested Rs. 15000 and B invested Rs. $(15000 + Y)$ in a business. After 4 months, B withdraws 40% of his investment. If the total profit earned at the end of the year is Rs. 4700 and the profit share of B is Rs. 2200, find the value of $2Y$.

- (1) 6000
- (2) 3000
- (3) 1000
- (4) 2000
- (5) 5000

Question 32

A person rows a distance of 20 km upstream and 15 km downstream in a total time of $2\frac{5}{12}$ hours. If the speed of the current is $4 \text{ km} \cdot \text{h}^{-1}$, then in how many hours can he row a distance of 64 km upstream?

- (1) $5\frac{1}{3}$
- (2) $4\frac{2}{3}$
- (3) $5\frac{1}{2}$
- (4) $4\frac{1}{4}$
- (5) $4\frac{1}{5}$

Question 33

P, Q and R together can do a piece of work in $16\frac{4}{11}$ days. P and Q together can do the same work in 20 days. In how many days will 'R' alone finish 60% of the work?

- (1) 51 days
- (2) 59 days
- (3) 54 days
- (4) 53 days
- (5) 50 days

Question 34

In a classroom consisting of boys and girls, the average marks obtained by the boys is 90. If the average of the whole class is 92, and the ratio of the number of boys to that of girls is 3 : 2, what is the average marks scored by the girls?

- (1) 97
 - (2) 94
 - (3) 96
 - (4) 95
 - (5) None of these
-

Question 35

Vessel 'A' contains 30 liters mixture of milk and water such that milk is 80% of water. Some quantity of mixture is taken out and added to 4 liters of honey in vessel B to form a mixture P. If mixture P contains 40% of water, then what percent of mixture is taken out from vessel A?

- (1) Between 24% to 28%
 - (2) Between 28% to 32%
 - (3) Between 32% to 36%
 - (4) Between 36% to 40%
 - (5) Between 40% to 44%
-

Question 36

The average cost price of two shirts A and B is Rs. 400 and the profit percentages on these shirts are 10% and 20% respectively. If the total selling price of these shirts is Rs. 928, then find the cost price of shirt B.

- (1) Rs. 360
 - (2) Rs. 320
 - (3) Rs. 480
 - (4) Rs. 420
 - (5) None of these
-

Question 37

Sunil invested Rs. x in scheme A at a rate of 15% per annum for 2 years at simple interest and invested Rs. $(x + 500)$ in scheme B at the rate of 12% per annum for 2 years. If the total interest received by him at the end of 2 years is Rs. 4224, then find the value of x .

- (1) Rs. 8200
 - (2) Rs. 7600
 - (3) Rs. 7200
 - (4) Rs. 7800
 - (5) None of these
-

Question 38

The length and breadth of a rectangle are in the ratio of 3 : 2. If the length is increased by 5 m keeping the breadth same, the new area of the rectangle is 2600 m². What is the perimeter of the original rectangle?

- (1) 320 m
 - (2) 300 m
 - (3) 295 m
 - (4) 200 m
 - (5) None of these
-

Question 39

What should come in place of the question mark '?' in the following number series?
300, ?, 148, 221, 441, 1101.5

- (1) 115.5
 - (2) 150.5
 - (3) 149
 - (4) 151
 - (5) None of these
-

Question 40

What should come in place of the question mark '?' in the following number series?
25, ?, 256, 476, 745, 1050

- (1) 60
 - (2) 100
 - (3) 125
 - (4) 65
 - (5) None of these
-

Question 41

What should come in place of the question mark '?' in the following number series?
68, ?, 407, 470, 496, 503

- (1) 283
- (2) 229
- (3) 217

- (4) 253
 - (5) None of these
-

Question 42

What should come in place of the question mark '?' in the following number series?

54, 67, 50, 63, 46, ?

- (1) 33
 - (2) 59
 - (3) 63
 - (4) 61
 - (5) None of these
-

Question 43

What should come in place of the question mark '?' in the following number series?

60, ?, 63.6, 70.8, 99.6, 243.6

- (1) 60.8
 - (2) 61.2
 - (3) 60.5
 - (4) 62.2
 - (5) None of these
-

Question 44

What should come in place of the question mark '?' in the following number series?

15, 34, 57, 86, ?, 154

- (1) 117
 - (2) 123
 - (3) 125
 - (4) 121
 - (5) None of these
-

Read the following directions carefully and answer the following questions.

The line graph represents the total number of population who visited Museum A, B and C on Sunday.

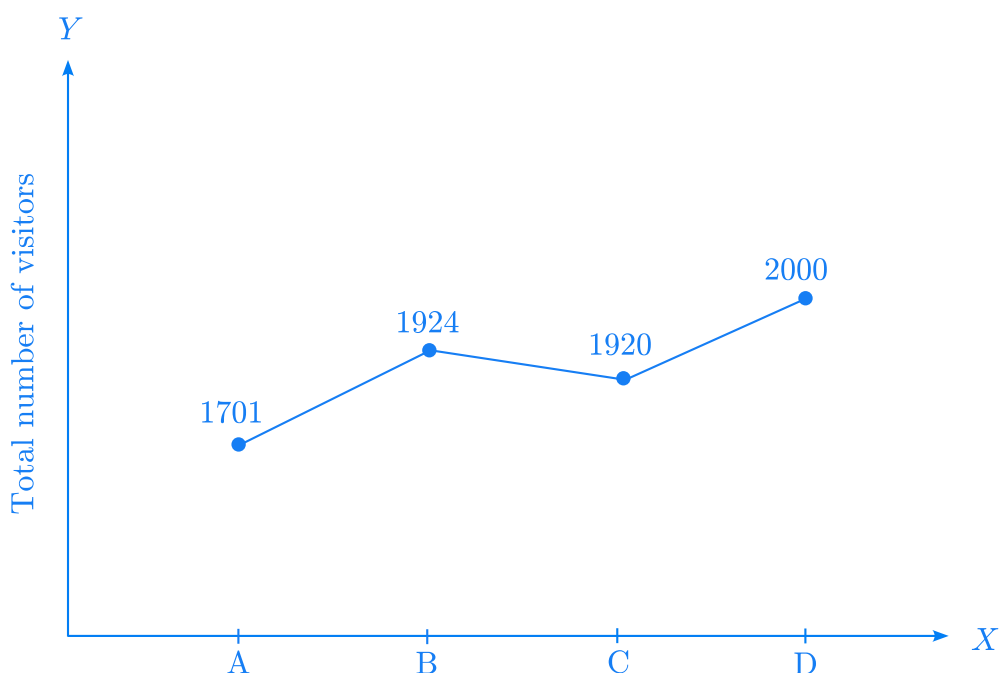

Table represents the number of males out of total population who visited the Museum.

Museum	Number of Males out of total people who visited the Museum
A	$\frac{2}{9}$
B	$\frac{11}{13}$
C	$\frac{13}{16}$
D	$\frac{19}{50}$

Question 45

If the number of male visitors in Museum E is 7.69% more than the number of males who visited Museum C and the number of females is 300 less than the number of male visitors in Museum B, then find the difference between the number of male and female visitors who visited Museum E.

- (1) 600
- (2) 560
- (3) 352
- (4) 678
- (5) 700

Question 46

Museum A is in village Rampur where the number of population was 124000 and the ratio of male and female is 15 : 16. Then, find the percentage of total female on Sunday in Rampur village to the total number of males in Museum B.

- (1) More than 4043%
 - (2) Between 3508% to 4040%
 - (3) Less than 3886%
 - (4) Both option 1 and 3
 - (5) None of these
-

Question 47

What is the difference between the number of males who visited museum B and C together and the average of females who visited museum A, B and C together?(approx value)

- (1) 1962
 - (2) 1700
 - (3) 1882
 - (4) 2528
 - (5) None of these
-

Question 48

If the cost price of male ticket and the female ticket are Rs. X and Rs. $(X - 5)$, and if museum B gets the revenue of Rs. 94720, find the total revenue earned from sale of male tickets from museum A?

- (1) Rs. 18900
 - (2) Rs. 20800
 - (3) Rs. 20600
 - (4) Rs. 18700
 - (5) None of these
-

Question 49

Find the average number of visitors in B, C and D.

- (1) 1176
- (2) 2096
- (3) 1556

- (4) 1948
(5) None of these
-

Question 50

The number of population of village Mowar was increased by $p\%$ on Sunday due to the number of visitors visiting museum D. On Sunday, there were a total of 30% of the population who were females and the number of male population on that day was 4200. Find the value of p .

- (1) $33\frac{1}{3}\%$
(2) $67\frac{1}{2}\%$
(3) 100%
(4) $54\frac{1}{7}\%$
(5) 23%
-

Read the following instruction and answer the following questions.

Tabular graph shows the number of articles sold by shop Pesto

Months	Average of articles sold by (A, B & C)	% of articles sold by A out of total	Articles sold by C
April	100	20%	160
May	120	25%	70
June	72	50%	65

Question 51

Find the difference between the number of articles sold by C for Pesto in June and April months?

- (1) 86
(2) 55
(3) 95
(4) 42
(5) 36
-

Question 52

The price of article sold by B is Rs. 480 and in the month of June they offer discount of $p\%$ and the company will get Rs. 12420. Find p ?

- (1) 40
(2) 50

- (3) 75
 - (4) 60
 - (5) 35
-

Question 53

If out of the total number of products sold by A in June, 25% were returned due to defects, then find the ratio of non-defective products sold by A in June and the number of products sold by C in April?

- (1) 25 : 31
 - (2) 27 : 32
 - (3) 21 : 32
 - (4) 8 : 5
 - (5) None of these
-

Question 54

In April, if person B sold two types of products i.e. TV and Refrigerator in the ratio of 7 : 9, then find the difference between the total number of TVs sold by B in April and total number of products sold by B in June.

- (1) 50
 - (2) 45
 - (3) 80
 - (4) 55
 - (5) None of these
-

Question 55

Find the average of number of products sold by B in May and that by C in June?

- (1) 116
 - (2) 120
 - (3) 118
 - (4) 124
 - (5) None of these
-

Question 56

If $\frac{1}{3}$ rd of the products sold by B in June were sold to females then find the sum of number of products sold by B to males in June and the number of products sold by A in May?

- (1) 112

- (2) 108
 - (3) 98
 - (4) 119
 - (5) None of these
-

Question 57

In the given question, two equations numbered I and II are given. Solve both the equations and mark the appropriate answer.

I. $x^2 + 2x - 35 = 0$

II. $y^2 - 2y - 48 = 0$

- (1) $x > y$
 - (2) $x < y$
 - (3) $x \geq y$
 - (4) $x \leq y$
 - (5) $x = y$ or relation between x and y cannot be established.
-

Question 58

In the given question, two equations numbered I and II are given. Solve both the equations and mark the appropriate answer.

I. $x^2 - 10x + 16 = 0$

II. $y^2 - 5y - 24 = 0$

- (1) $x > y$
 - (2) $x < y$
 - (3) $x \geq y$
 - (4) $x \leq y$
 - (5) $x = y$ or relation between x and y cannot be established.
-

Question 59

In the given question, two equations numbered I and II are given. Solve both the equations and mark the appropriate answer.

I. $x^2 - 52x + 51 = 0$

II. $y^2 - 57y + 56 = 0$

- (1) $x > y$
- (2) $x < y$
- (3) $x \geq y$

(4) $x \leq y$

(5) $x = y$ or relation between x and y cannot be established.

Question 60

In the given question, two equations numbered I and II are given. Solve both the equations and mark the appropriate answer.

I. $x^2 - 3x + 2 = 0$

II. $y^2 + 12y + 36 = 0$

(1) $x > y$

(2) $x < y$

(3) $x \geq y$

(4) $x \leq y$

(5) $x = y$ or relation between x and y cannot be established.

Question 61

In the given question, two equations numbered I and II are given. Solve both the equations and mark the appropriate answer.

I. $x^2 + 2x - 8 = 0$

II. $y^2 - 8y + 12 = 0$

(1) $x > y$

(2) $x < y$

(3) $x \geq y$

(4) $x \leq y$

(5) $x = y$ or relation between x and y cannot be established.

The number of products sold by A in 2015 is 1.5 times of the number of products sold by B in that year. Number of products sold by A in 2017 is 14 more than that in 2015. In 2016 A sold 10% less products as compared to 2017. The ratio of number of products sold by B in 2015 to that in 2017 is 3 : 8. Total number of products sold by B in all the three years is 1 less than the number of products sold by A and B together in 2017. The number of products sold by B in 2016 is 1 more than that sold by it in 2015.

Question 62

If in 2017, A and B sold 40% and 64% of their respective products, then find the difference between the number of unsold products of A and B in 2017.

(1) 39

(2) 18

- (3) 25
 - (4) 21
 - (5) None of these
-

Question 63

If the number of products sold by C in 2017 is 25% more than the number of products sold by A in 2015, then find the sum of number of products sold by C in 2017 and that by B in 2016.

- (1) 92
 - (2) 104
 - (3) 1101
 - (4) 112
 - (5) 70
-

Question 64

In 2016, if 40% of the number of products sold by A were sold in the local market and rest were transported to outside, find the total number of products sold by A outside.

- (1) 27
 - (2) 30
 - (3) 35
 - (4) 25
 - (5) None of these
-

Question 65

In 2017, B sold two types of products i.e. type X and type Y. If out of the total products sold by B in 2017, $\frac{3}{8}$ th were of type Y, then find the ratio of number of products sold by A in 2015 and number of type X products sold by B in 2017?

- (1) 3 : 5
 - (2) 3 : 4
 - (3) 9 : 10
 - (4) 2 : 5
 - (5) None of these
-

Question 66

How many such pairs of letters are in the word 'BONAFIDE' which has as many letters between them as there are in the English alphabetical series (both forward and backward)?

- (1) Three
- (2) Four
- (3) Five
- (4) Six
- (5) More than six

Question 67

If we form a four-letter meaningful word by using 2nd, 5th, 7th and 9th letters from the left end of the word 'SHOWERING', then which of the following will be the last letter of the meaningful word thus formed? If more than one meaningful word is formed mark 'Y' as your answer. If no meaningful word is formed, mark 'X' as your answer.

- (1) H
- (2) G
- (3) I
- (4) Y
- (5) X

In the question below, there are three statements followed by two conclusions numbered I and II. You have to take the given statements to be true even if they seem to be at variance with commonly known facts. Read all the conclusions and then decide which of the given conclusions logically follows them from the given statements disregarding commonly known facts.

Question 68**Statements:**

- I. Some puzzle are inequality.
- II. No puzzle is coding.
- III. Some coding is not input.

Conclusions:

- I. All inequality can be coding.
- II. Some puzzle is not input.

- (1) Both conclusions I and II follow

- (2) Only conclusion II follows
- (3) Neither conclusion I nor II follows
- (4) Only conclusion I follows
- (5) Either conclusion I or II follows

Question 69

Statements:

- I. Only a few true are false.
- II. No false is correct.
- III. All wrong are correct.

Conclusions:

- I. Some false can be wrong.
 - II. Some true can be correct.
- (1) Both conclusions I and II follow
 - (2) Only conclusion I follows
 - (3) Neither conclusion I nor II follows
 - (4) Either conclusion I or II follows
 - (5) Only conclusion II follows

Study the following information carefully and answer the questions given below.

Ten people live on different floors in the same building. The building has ten floors. Ground floor is numbered 1 and the topmost floor is numbered 10.

N lives on an even-numbered floor above the sixth floor. Only two people live between N and A. Only three floors are there between A and J who does not live on the ninth floor. More than four floors between J and B who lives below N. Only three people live between B and H. The number of floors between N and H same as the number of floors between J and F. G lives on the prime numbered floor. G lives below D and above E. C does not live on the sixth floor.

Question 70

Which of the following is true with respect to C as per given information?

- (1) N lives immediately below C.
- (2) C lives immediately below D.
- (3) C lives on floor number 9.

- (4) Two floors are there between C and D.
 - (5) C lives on an even-numbered floor.
-

Question 71

Who lives on the floor immediately above D?

- (1) No one
 - (2) A
 - (3) H
 - (4) J
 - (5) G
-

Question 72

Who among the following lives on floor number 6?

- (1) F
 - (2) E
 - (3) D
 - (4) G
 - (5) Cannot be determined
-

Question 73

How many people live between the floors G and B?

- (1) Four
 - (2) Seven
 - (3) Five
 - (4) Six
 - (5) None of the above
-

Question 74

Who amongst the following live on the floors exactly between F and H?

- (1) A and C
 - (2) E and A
 - (3) E and D
 - (4) D and A
 - (5) C and E
-

Study the following information carefully and answer the questions given below.

Eight members A, B, C, D, E, F, G and H are in a family related to each other. Only three married couples are there in the family and there are four generations in the family. Some are males and some are females. The number of females is more than the number of males in the family. Either single or both parents are alive in the family.

H is the sister-in-law of G, who is the spouse of E. F is the daughter of E and mother of D, who is the granddaughter of G. E is the daughter-in-law of C who is the husband of A. D and H are not married.

Question 75

Who is the spouse of B?

- (1) A
 - (2) C
 - (3) D
 - (4) F
 - (5) None of these
-

Question 76

How A is related to F?

- (1) Mother
 - (2) Father
 - (3) Grandmother
 - (4) Grandfather
 - (5) None of these
-

Question 77

How many female members are there in the family?

- (1) Four
 - (2) Five
 - (3) Six
 - (4) Three
 - (5) None of these
-

Question 78

If all the letters of the word 'FRONTIER' are arranged in alphabetical order starting from left end, then how many letters are there in English alphabet between letters which are fifth from the right end and fourth to the left of the seventh letter from the left end?

- (1) Five
 - (2) Four
 - (3) Two
 - (4) Three
 - (5) More than five
-

Study the following information carefully and answer the questions given below.

Six people - P, Q, R, S, T and U visited different countries - Russia, Canada, Japan, Netherlands, France and China. They attended a meeting on two different dates either on 11th or on 22nd of three different months - September, October and November of the same year. All the information is not necessarily in the same order.

P attended two people before the one who visited Japan. At least three people attended after P. Only two people attended between P and S. The number of people who attended before S is the same as the number of people who attended the meeting after the one who visited Russia. U attended immediately after the one who visited China. U neither visited Japan nor the Netherlands. R attended on an odd number date after P. T neither visited Russia nor Japan. Q attended immediately before the one who visited France.

Question 79

Who among the following people attended the meeting on 22nd September?

- (1) Q
 - (2) The one who visited China
 - (3) The one who visited France
 - (4) U
 - (5) R
-

Question 80

Which of the following statement(s) is/are correct?

- (1) P attended two people before U
 - (2) Only two people attended between Q and U
 - (3) No one attended after R
 - (4) Both (1) and (2)
 - (5) Both (2) and (3)
-

Question 81

In which of the following countries did R visit?

- (1) Netherlands

- (2) Russia
 - (3) France
 - (4) Japan
 - (5) Canada
-

Question 82

How many people attended before the one who visited China?

- (1) Two
 - (2) Three
 - (3) Four
 - (4) One
 - (5) None
-

Question 83

Which of the following month and Date did S attend the meeting?

- (1) 11th October
 - (2) 22nd September
 - (3) 11th September
 - (4) 11th November
 - (5) 22nd November
-

Study the following information carefully and answer the questions given below.

Six people viz. A, B, C, D, E and F are sitting around a circular table facing towards the centre. All of them like different fruits viz. Mango, Apple, Orange, Banana, Guava and Grapes. All the information is not necessarily in the same order.

Only one person sits between the one who likes Grapes and Banana. The one who likes Guava doesn't sit adjacent to the one who likes Mango. E sits facing towards D who likes Apple. B sits second to the right of C, who likes Mango. The one who likes Apple doesn't sit adjacent to the one who likes Grapes. Neither B nor E likes Guava. The person who likes Grapes sits immediately to the right of the one who sits opposite to F.

Question 84

Four of the following five are alike in a certain way and hence form a group. Which of the following does not belong to that group?

- (1) B - Grapes
- (2) A - Apple
- (3) F - Banana

(4) E - Mango

(5) D - Guava

Question 85

Who among the following person sits third to the right of the one who likes Mango?

(1) The one who likes Guava

(2) The one who likes Banana

(3) F

(4) Both (1) and (2)

(5) Both (1) and (3)

Question 86

Which of the following statement/s is/are not true with respect to the final arrangement?

(1) A sits second to the right of the one who likes Guava

(2) The one who likes Mango sits to the immediate left of the one who likes Grapes

(3) The one who likes Apple sits second to the left of C

(4) The one who likes Banana sits facing towards E

(5) All are true

Question 87

What is the position of B with respect to the one who likes Guava?

(1) Third to the right

(2) Immediate left

(3) Second to the left

(4) Third to the left

(5) Immediate right

Question 88

Who among the following people like Banana?

(1) F

(2) The one who sits to the immediate left of D

(3) A

(4) Both (1) and (2)

(5) Both (2) and (3)

Study the following information carefully and answer the questions given below.

In a certain code language:

‘work is worship’ is coded as ‘jk rt pq’

‘work hard always’ is coded as ‘jk mn uv’

‘always do worship’ is coded as ‘uv st pq’

‘hard time passes’ is coded as ‘mn ab ef’

Question 89

Which among the following words is coded as ‘rt’?

- (1) work
- (2) is
- (3) hard
- (4) time
- (5) None of these

Question 90

Which among the following words is coded as ‘ab’?

- (1) time
- (2) passes
- (3) is
- (4) Either 1 or 2
- (5) None of these

Question 91

Which of the following words is correctly matched with its code?

- (1) work - rt
- (2) is - jk
- (3) worship - mn
- (4) do - rt
- (5) hard - mn

Question 92

What is the code of ‘time passes’ as per the given code language?

- (1) ab uv
- (2) ef jk

- (3) ab ef
 - (4) ef rt
 - (5) Cannot be determined
-

Seven boys P, Q, R, S, T, U and V have different weights. V is heavier than Q. P is heavier than only three people. Q is heavier than P. T is heavier than S but lighter than R. U is heavier than R but lighter than Q.

Question 93

How many boys are lighter than U?

- (1) Five
 - (2) Four
 - (3) Two
 - (4) Three
 - (5) None of these
-

Question 94

Who is the third lightest boy?

- (1) T
 - (2) U
 - (3) R
 - (4) P
 - (5) None of these
-

Question 95

How many boys are there between Q and T?

- (1) Three
 - (2) One
 - (3) More than three
 - (4) Two
 - (5) None of these
-

Study the following information and answer the following questions.

Eight people named E, F, G, H, I, J, K and L are sitting in a row. Some of them are facing north and some of them are facing south direction. Not more than two people sitting next to each other are facing the same direction. E sits 2nd to the right of F. F and J face the same direction. The number of people sitting to the right of G is the same as to the left of H. I faces north. L sits 4th to the right of J and both of them are facing opposite directions. K sits 3rd to the left of L. H sits 2nd to the right of K. Both the immediate neighbours of H face opposite directions.

Question 96

Who sits second to the left of I?

- (1) K
 - (2) The person who sits 2nd to the right of F
 - (3) H
 - (4) J
 - (5) The person who sits 2nd to the left of G
-

Question 97

How many people are facing south?

- (1) One
 - (2) Two
 - (3) Three
 - (4) Four
 - (5) Five
-

Question 98

How many people are sitting between F and K?

- (1) Six
 - (2) Five
 - (3) Four
 - (4) Three
 - (5) Two
-

Question 99

The number of people sitting between G and E is/are two less than between _____ .

- (1) J and G
 - (2) F and H
 - (3) K and L
 - (4) H and I
 - (5) G and K
-

Question 100

Which of the following is false?

- (1) The person sitting between J and G is facing the same direction as J.
 - (2) The person sitting between F and E is facing the same direction as E.
 - (3) The person sitting between H and E is facing the same direction as H.
 - (4) The person sitting between L and I is facing the same direction as L.
 - (5) The person sitting between H and K is not facing the same direction as K.
-
